

# **WATER & WASTEWATER TREATMENT**

Expert in Textile ZLD Projects

**AUSTRO WATER TECHNOLOGIES PVT. LTD.**

Water Crisis affects every continent and around 2.8 billion people are affected all over the world at least one month out of every year. More than 1.2 billion people lack access to clean drinking water.

Water scarcity involves water stress, water shortage or deficits, and water crisis.

Austro Water Technology Ltd., a multinational company evolving and working in many parts of the world, has a vision to minimize this vulnerability of the world population through science based, honest and effective technology measures.

Since 1996, Mr. Jeyakumar has dedicated himself on environmental solution provider for textile and auxiliary industries. Austro Chemicals and Biotechnologies is an Indian owned engineering company, specializing in the field of water and wastewater treatment, embracing environmental and chemical engineering application.

The company is based in Tripur, Tamil Nadu, India, along with overseas representative partner from Bangladesh, Japan, Indonesia, Ethiopia, Vietnam, Kenya and Sri Lanka. We have supplied more than 1200 treatment plant, majority focused in ZLD plants, in addition to consultancy over 1500 projects across the world.

Austro has developed a strong reputation for technical development in the water and waste-water industry through pioneering and developing systems, methods and equipment design, via dedicated RD team. This in turn, leads to efficient procedures and practices being implemented throughout all our projects.

One of our project – PT Indorama synthetics, TBK, Indonesia, has been awarded the best plant recognition in the country for the past four successive years. Another of our ZLD plants, M/s Agustin Textile mills, located in Kerala, has been awarded as the first best plant in state for the last two years consecutively. Austro prides itself in maintaining quality and innovation in the services. We provide our client through close liaisoning with regulatory bodies, water authorities, and water industry groups. We utilize our up-to-date knowledge of proven and emerging technologies, and regulatory stringence, to customize, innovate and providing practical solutions to our clients' needs.

Our organization is actively involved with the design and implementation of numerous projects (2700+) for water, wastewater, ZLD, recycling applications in locations throughout India and abroad. The company has developed a number of processes systems, for the treatment of water and waste-water, Zero Liquid Discharge(ZLD), customizing the various technologies as per the effluent characteristics.

## OBJECTIVES

- To deploy the latest technology in its true shape across Industrial and Domestic clients.
- To provide right, cost effective, timely delivery of plant and machineries for efficient utilization.
- To identify the problems of the existing plants and revamp / service them to give the designed productivity optimizing for the energy consumed.
- To conserve water implementing the concept by recycling the treated effluent.

## SERVICE AREA

- Chemical Industry, Pharmaceutical, Textile Processing, Food Processing, Leather, Paper, Sugar Industries, Institutions.
- School, Hospitals, Hostels and Hotels where large quantities of water is used / effluents generated.

## SCOPE OF SERVICES

- Design, engineering and project consultancy services.
- Manufacturing of water and wastewater treatment plants RO, UF, MF & NF plants. Plant upgradation-ZLD.
- Erection and commissioning activities, operation and maintenance of treatment plants.
- Revamping / Servicing and upgradation to ZLD plants.
- Supply of spares, chemicals, resins, bio-culture.
- Annual maintenance contracts.

## SERVICE / PRODUCT OFFERED

- ☐ Effluent Treatment Plant
- ☐ Sewage Treatment Plant
- ☐ Media Filters
- ☐ Activated Carbon Filters
- ☐ Softeners
- ☐ D.M. Plants
- ☐ Iron Removal Systems
- ☐ Gas Chlorination
- ☐ Ultra Violet Systems
- ☐ Bio-Fertilizer
- ☐ Ultra Filtration
- ☐ Micro Filtration
- ☐ Reverse Osmosis
- ☐ Nano Filtration
- ☐ CO2 Softening
- ☐ Lime Soda Softening
- ☐ Clarifier Systems
- ☐ Aeration Systems
- ☐ Bag Filters
- ☐ Multi Stage RO Systems
- ☐ Mechanical Bar Screen
- ☐ Package Type STP
- ☐ Package Type Printing Effluent Treatment

## TECHNOLOGY DEPLOYED

- ☐ Physico Chemical Treatment
- ☐ Anaerobic Treatment
- ☐ Biological Treatment
- ☐ Aerobic Treatment
- ☐ Filtration
- ☐ Micro Filtration
- ☐ Nano Filtration
- ☐ Reverse Osmosis
- ☐ Evaporation
- ☐ Gas Chlorination Technology
- ☐ CO2 Gas Technology
- ☐ UV Technology
